RE: Comments for the Comprehensive Plan

The Town of Long Lake (Long Lake) is in the process of adopting its first Comprehensive Plan to properly plan for growth and development, protect the environment and enhance the health, safety and welfare of the community and residents. Over the course of the last year, the Town's Comprehensive Plan Committee worked with consultants to draft a Comprehensive Plan. The Committee met on a regular basis to review existing plans, identify community issues and opportunities, engage residents, create concept drawings, and develop strategies to revitalize the Town. The plan contains a series of recommendations that touch on all aspects of the community, including but not limited to; recreation, housing, economic development, infrastructure, transportation, environmental protection, *etc.* The Comprehensive Plan is intended to be adopted by the Town Board and to serve as the official policy document of the Town.

Before the Town Comprehensive Plan is adopted by the Long Lake Town Board as an official policy document the following action items must be completed.

1. Designation of the Town of Long Lake Town Board as the Lead Agency
2. Compliance with SEQRA and Full Environmental Assessment Review
3. 30 Day review of Involved and Interested Agencies for SEQRA
4. Formal review under Section 239 of the General Municipal Law
5. Public Hearing Announcement and Review period for minimum of 30 days from proposed public hearing announcement. Date to be announced.
