SUPERVISOR’S REPORT

Revenue and Expenditure Report were in the Board’s packets for review.

Alex Roalsvig, Director of Parks, Recreation, and Tourism received a letter from LaBella Associates informing the her that the Town is eligible for the State to cover 75% of the OPRHP Grant proposal that the Town has submitted. This would increase the possible grant funds to \$151,875 out of the \$202,500 total planned proposal.

Included in the Board’s packets is the article Hallie Bond, Long Lake Historian wrote detailing the history of the Helms family in Long Lake.

Supervisor Arsenault reminded the Board and the public that the Raquette Lake Fire Department will be celebrating their 75th year of fire protection to the Raquette Lake community on Monday, September 5th. The celebration will start at 8 am and go until 9pm, music, games, a parade at 11:30am, food and fun to be had at the Raquette Lake Fire Department’s 75th celebration.

On August 8, 2022, the Town of Long Lake and its community lost a valued employee and member, Steven Paige will be sorely missed by all in the community.

Due to the Town’s cooperation with the ongoing investigation, there is no further information at this time. However, the Board will be considering what further action will need to be taken in the response to the accident in executive session.

Amanda Prezbindowski, Raquette Lake resident asked the Board to consider having swimming lessons at NYSDEC Golden Beach Campground, in Raquette

Lake. Supervisor Arsenault spoke with NYSDEC regarding the request and he was informed it was a slight possibility. The Town would need to apply for a TRP, have certified lifeguards, proper insurance, necessary staffing, and lessons could not interfere with the public, so the lessons would have to be before the campground opens or after it closes.

Caleb Thompson informed Supervisor Arsenault that Caleb will not be bidding for the cleaning contract for the medical building this year.

Erik Arsenault has rescinded his letter of resignation.

Supervisor Arsenault want to let the Board and the public all the various projects his office has been working on:

- Working with Town Accountants to continue organizing our financials, completing accurate and timely AUDs and completely redesigning our day-to-day accounting practices.

- Researching to find an IT company to build a system to make the Town Office more efficient, organized and protect against ransom and cyber-attacks.

- Daily work on the Town 2023 Budget.

- Working to implement a new payroll and time keeping service which is on track to be operational in early October.

- Currently converting over to new municipal software.

- Reviewing all the Water policies, rates, codes in addition to updating, repairing, and maintaining the water infrastructure. Over the next few years, the Town plans on repairing, and adding modern monitoring.

- Organizing Town Law Ordinances, and policies into a comprehensive Town Code that can make them available online to be utilized by everyone.

- Working daily with the Town Attorney regarding the tragedy at the Transfer Station and other Town business.

- Developing a purchase order policy to gain better control of spending.

- Looking to develop a fleet management policy.

- Currently working on a work order pilot program called Maintain X. Matt is building out all Town facility locations, the assets within those facilities and this will allow us to track preventative maintenance along with creating a log of all maintenance performed within the Town.

- The work load for Human Resource duties is growing daily. There are days that this is all we do.

Supervisor Arsenault apologized if his office hasn't responded as quickly as

some might like. He asks that people be patient with us, we do care about your concerns but might need your help in getting the work done.

Supervisor Arsenault thanked all for their patience during this time.
