Jennings Park Pond- Matt Newby met with DANC and CHA representatives at the beginning of the month. They discussed the role DANC would play in the project management, and the details of the funding and OSC approval process. Paul Wilson has been working with FEMA to set up the project, and to involve DANC going forward. The pond project will be split into two parts, the first will be the construction of the dam itself and the second will be the removal of sediment at the mouth of Shaw Brook, where the flood deposited fill from upstream.

Mt. Sabattis- the newest multi-use trail section has been completed. The newest addition gives almost 4 miles of trail to the muti-use trail system.

NEW BUSINESS

Resolution Number 44 of 2024

Resolution to Approve the Real Property Sale Agreement made as of June 12, 2024, for the Purchase of Real Property from George H. Carrothers, Jr.

WHEREAS the Town Board previously considered the history and evolution of the Jennings Park Pond and engaged title experts and counsel to examine the status of title ownerships, easement rights and public access rights within and around Jennings Park Pond, and

WHEREAS the Town Supervisor Clay J. Arsenault with the assistance of staff, Councilman Nate Hosley, and the Town Attorney have proposed a Real Property Sale Agreement made as of June 12, 2024 (“Agreement”) with George H. WHEREAS the Agreement provides reasonable terms and payment of \$160,000 to the Seller on a willing Seller basis and avoids the potential for litigation and further delay with respect Jennings Park Pond redevelopment efforts,

WHEREAS Acquisition of Open spaces and areas can be considered subject to the General Municipal Law Section 247 regarding the public purposes which allow use of public funds after due notice and public hearing,

WHEREAS a duly published and posted Notice of Hearing was provided pursuant to Resolution Number 42 of 2024 adopted at the Special Town Board meeting of June 13, 2024,

WHEREAS a hearing on this matter was conducted on June 26th and opportunity for public comment was provided,

WHEREAS this acquisition of open space for public access is a Type II action under SEQRA and no further environmental review is required,

3. Authorizes the Town Supervisor to make payments and undertake regulatory approval actions, surveying, and to authorize legal work required to fully execute the Agreement and to complete the real property purchase, and to fulfill all terms and conditions of the Agreement.

Motion by Councilman Hosley, seconded by Councilman Dechene to approve Resolution #44 of 2024.

Discussion:

Councilman Hosley said this will help get FEMA money.

Councilman Bird stated he is in favor of the purchase and fixing the dam but is disappointed with the price of the property. Councilman Bird said the seller knows that the Town needs this property and knows that he will get his asking price, Mr. Carrothers is a beneficiary of the flood of July 2023.

Councilman Donnelly agreed with Councilman Bird’s comment.

Supervisor Arsenault spoke with a real estate attorney and was told that this is the quickest way to get the issue fixed, if the Board would go a different route to obtain the property it could take up to 6 years.
